BAGNODESIGN
QATAR
2025

OUR STORY

For 30 years, we have built our prestigious product portfolio, extended our client base and propelled our business to service Middle East, Africa, Europe, Asia & Oceania through our Retail, Trade, Project and digital channels. Combining the highest quality bathroom, kitchen, surfaces, lifestyle, lighting and outdoor living solutions with exceptional customer service, SANIPEX GROUP always delivers.

Established in Dubai, UAE in 1995, SANIPEX GROUP has grown to encompass flagship showrooms in key locations including Dubai, Abu Dhabi and London, alongside an established presence with partner retailers worldwide.

From commercial projects to residential developments, we assist our client base of architects, designers, developers, retailers and consumers to create beautiful spaces.

Working with many market-leading brands and supported by its own strong portfolio of products ensures SANIPEX GROUP is ready to deliver for your next project with strategically placed logistics centres in key locations.

Offering consistently high service levels, at SANIPEX GROUP, the customer always comes first.

ANY AND EVERY SURFACE

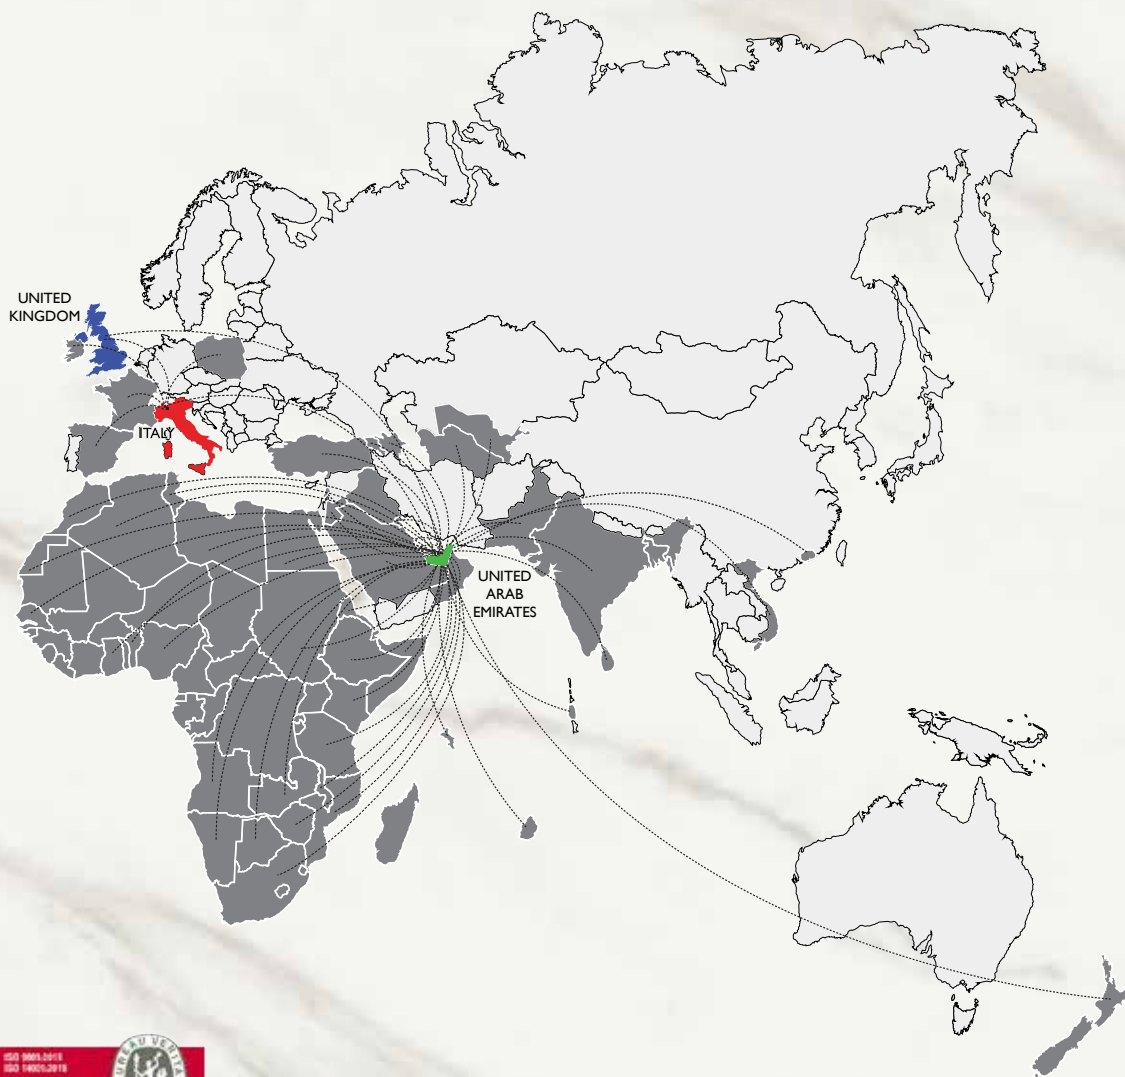

A directional collection of the latest trends in a variety of textures, finishes, sizes and small & large formats, SURFACES BAGNODESIGN offers a unique range of tiles and slabs for indoor and outdoor spaces. An endless array of combinations offers the ability to suit your personal style.

Carefully curated to complement the wider BAGNODESIGN bathroom and kitchen ranges, every product in the collection is manufactured to exacting standards by leading European manufacturers to ensure outstanding results designed to stand the test of time.

SANIPEXGROUP

With partners and customers throughout the Middle East, Africa, Europe, Asia & Oceania we ensure a quick turnaround for our customers, irrespective of location.

Delivering to over 20 carefully selected partners ensures our brands and partner suppliers are available in over 30 countries. We offer our partners complete access to our brand portfolio and many of our supplier brands, along with showroom design services and comprehensive product and design training. This ensures that the SANIPEX GROUP customer ethos is upheld wherever our products are available.

Approved Dealer & Franchise Showrooms:

Glasgow • Edinburgh • Manchester • Istanbul • Tashkent • Baku • Erbil • Lahore • Islamabad
Karachi • Colombo • Casablanca • Kuwait • Riyadh • Jeddah • Manama • Muscat • Mauritius
Nairobi • Cape Town • Durban • Abuja • Ho Chi Minh City

SLABS

Ideal for wall and floor applications as well as customised furnishings like kitchen countertops, bathroom basins, tabletops and much more, our large-format slabs offer seamless surface coverage with low maintenance requirements.

Combining beauty with exceptional durability and resilience, these stunning porcelain slabs deliver on both design and performance, enabling you to create elegant spaces tailored to your exact needs. Expertly produced from porcelain, they come in a variety of finishes and colours as well as marble bookmatch options, catering to both residential and commercial projects with endless design possibilities.

TILES

Our trendy, timeless tiles transform the look and feel of a space, offering a perfect solution for walls and floors in both indoor and outdoor settings. From the contemporary to the classically elegant, we have a selection of designs, colours and finishes to suit all tastes.

Taking inspiration from natural materials such as marble, stone and wood, our tiles take the effort out of maintaining your surfaces thanks to its easy-clean, non-porous and highly durable porcelain material. Different size options allow you the versatility to select the best for your space, whether for small powder rooms or large kitchen spaces.

SMALL FORMAT

Whether for a striking feature wall or an all-over design, our small-format tiles make a big impact in any interior. Ideal for spaces of all sizes, they are perfect for creating zones, adding a dash of personality and safeguarding against splashes.

For kitchen backsplashes and bathroom showers, to hospitality venues like cafes and bars, mix and match colours and textures for a one-of-a-kind look, or create a unified design. Our collection includes an array of colours and shapes so you have creative freedom to design unique laying patterns.

Go bold with vibrant tiles or keep it calm with neutral tones.

HOKKAIDO

COLLECTION

MADE IN JAPAN

Inspired by the rich culture of Japan, our Hokkaido collection transforms any space with beautiful textures, colours and designs. Expertly crafted in Japan, these mosaics blend traditional Japanese design with modern trends, bringing intrigue to modern spaces and infusing interiors with authentic design.

Handmade with care, each piece is individually unique—celebrating the artistry and craftsmanship at the heart of Japanese tradition. With unusual sizes and shapes, the range offers endless design possibilities to mix and match or place all over. A palette of calming, nature-inspired tones is synonymous with the Japanese principles of balanced design. Perfect for creating a truly personalised space, each mosaic subtly enhances interiors with an impact that wows.

GLASS MOSAICS

A classic design that stands the test of time, our mosaics bring depth and intricacy to any space. Available in single colour or textured to form eye-catching patterns and design variation, they are perfect for creating stunning accent walls, niches and borders.

Ideal for steam rooms and spas, shower rooms and swimming pools, our mosaic tiles provide slip resistance to improve safety in humid, wet spaces. The small chip size allows for seamless application on curved surfaces, making them versatile for both flat and contoured surfaces.

SLAB FABRICATION FACILITY

Our Slab Fabrication Facility contains state of the art equipment including three, 5 Axis water jet cutting machines, a skirting and profiling machine and several multi-blade cutting devices.

Additionally, it houses a full-service technical laboratory, installation workshop, research & development center for bathrooms and a dedicated customer showroom for manufactured slab products. Without a doubt, it is a unique facility in the market and takes the company’s capabilities and potential future opportunities to an exciting new level.

The facility will allow SANIPEX GROUP to accelerate the development of its slab product portfolio, offering new finishes, product types, categories and styles along with the ability to design and engineer customized solutions. In addition, SANIPEX will be able to offer a variety of value-added cutting services for tiles such as skirting, grooving, profiling and resizing.

CUTTING & CUSTOMIZATION

What We Do

We facilitate the precision cutting of porcelain stoneware tiles and slabs to exact specifications for a seamless fit before handover.

Our state-of-the-art Slab Fabrication Facility in Jebel Ali, Dubai, houses advanced machinery, including 5 Axis water jet cutting machines and a skirting and profiling machine. This setup offers endless, cost-effective design possibilities for the discerning client.

What We Offer

One-of-a-kind solutions tailored to your requirements are crafted by our in-house skilled artisans. To broaden the capabilities, we offer a range of value-added cutting services such as steps, skirting, custom mosaic cutting, grooving, profiling, and resizing.

With an extensive supply of luxury tiles and slabs readily available at our Jebel Ali warehouse, we guarantee a fast turnaround of custom solutions, from design selection to delivery.

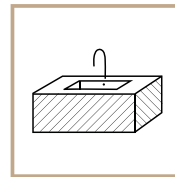

Turn Your Vision into Reality

Select your tile or slab of choice from our extensive collection, and our production team will assist in turning your vision into reality, delivered to suit your schedule.

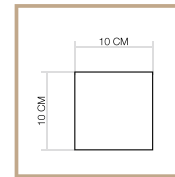

Whether you need precision-cut mosaic spa tiles, a custom outdoor kitchen, or a large quantity of elegant wash basins and countertops, count on our expert team to deliver tailor-made results that align with your creative vision.

Our Services

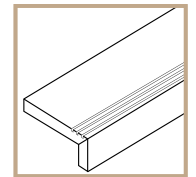

Bespoke Solutions expertly produced and cut by our new Slab Fabrication Facility. SANIPEX GROUP now offers new finishes, product types, categories and styles along with the ability to design and engineer customized cutting solutions.

CUTTING & CUSTOMIZATION

Advice On Laying, Grouting & Maintenance

IMPORTANT NOTE: TILES SHOULD BE LAID AND GROUTED ONLY BY PROFESSIONAL TILE LAYERS.

Tiling

Follow the simple rules below to guarantee perfect tiling results:

- 1) Check the floor slab is flat where the tiles are to be fitted.
- 2) Ensure that the tiles are correct as per its intended use before laying.
- 3) Dry lay the tiles, ensure intended lay-out will be achieved, mix if necessary by taking them from several boxes to achieve best results, before actual installation.
- 4) Use the correct adhesive and application tools, apply as per its manufacturer’s recommendation.
- 5) For installing wall tiles, it is highly recommended to use class C2 adhesives, in compliance with the European standard EN 12004. Specifically, recommended is a white glue for non-slip ceramic covering materials.
- 6) For top-class results, add an elasticator, taking care to follow the manufacturer’s instructions to the letter, and apply an even layer of glue on the underside of the tile. The thickness of the glue can be adjusted using the toothed side of the trowel.
- 7) Do not leave air pocket between substrate and the tiles.
- 8) Follow recommended joint for tiles.
- 9) Handle the tiles with care before and during tiling.

Grouting

Use matching grouts – follow recommended joint space. The tiler should strictly follow the grout manufacturer’s instructions on application and cleaning.

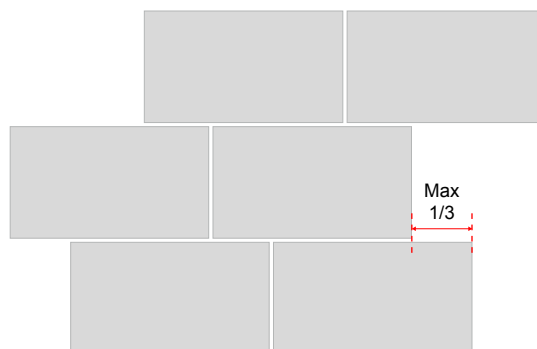

Cleaning

Use cleaning tools that are perfectly clean themselves. Always rinse off surfaces. Use clean water alone if the surface is washed frequently.

Recommended Joints:

Rectified (Outdoor)	3-5 mm approx.
Non-Rectified (Outdoor)	5-6 mm approx.
Rectified (Indoor)	Minimum 2 mm
Non-Rectified (Indoor)	3-4 mm approx.
Hexagon or similar shapes	3-5 mm approx.
Modular pattern (Mix of sizes)	3-5 mm approx.

For tiles more than 30 cm width, with a lengthwise tiling layout, maximum 1/3 offset between panels.

Applying The Adhesive

The adhesive needs to be spread in straight lines, parallel to the short side of the tile to make it easier to push the air out. The direction in which the adhesive is spread onto the substrate must be the same as the direction of the spreading on the back of the tile.

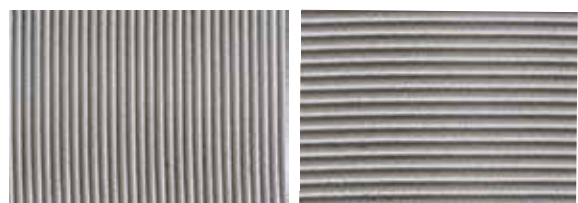

OK Correct application

OK Spreading on substrate and tile in same direction

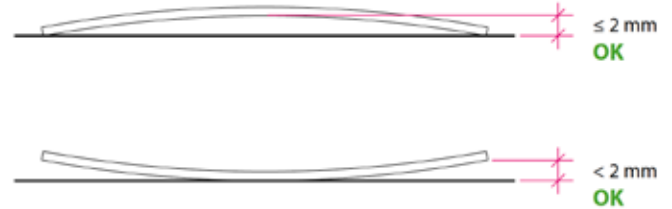

NO Incorrect application

NO Spreading on substrate perpendicular to spreading on tile

Levelling

An explanation on assessing surface flatness, checking flatness cannot be done with the tiles in vertical, inclined or cantilevered positions, but only as indicated by Standard EN 14411:2016: place a tile on a horizontal, stable surface, then place a straight-edge over the surface of the tile. If the maximum flatness deviation is equal to or less than 2 mm, the material is compliant with the standard. Levelling tools are also recommended to achieve great installation results.

After Installation Cleaning Guide Details

For washing after laying and for end-of-work cleaning: wet the surface well with water before washing. Then use Fila Deterdek Pro diluted at a ratio of 1:5 or 1:10 (1 litre of product in 5 or 10 litres of water). Apply the solution a few square metres at a time, then add, allow contact time of 5 minutes, then work with a single disc cleaner or large brush. Remove any residues using a cloth or liquid vacuum cleaner and rinse with abundant water. Should any stubborn dirt residues remain, repeat the wash with more concentrated solutions, and use the Fila Deterdek without any additional water.

Caution: Do not use Fila Deterdek Pro on polished marble or on any materials that are sensitive to acids. Before using on this material, carry out a test on a small surface area to check that it is actually resistant to the product. For items in aluminium, follow the instructions and use a soft sponge.

Dimensions Tolerance From Work Size Within 1 Batch					
Porcelain - Technical Specifications			Standards	Values Required	
				Non-Rectified	Rectified
Sizes Dimensions		Length and Width	ISO 10545-2	±0,6%, max 2mm	±0,3%, max 1mm
		Thickness		±5%, max 0,5mm	±5%, max 0,5mm
		Wedging		±0,5%, max 2mm	±0,3%, max 1,5mm
		Straightness of the edges		±0,5%, max 1,5mm	±0,3%, max 0,8mm
		Flatness		±0,5%, max 2mm	±0,5%, max 2mm

Difference Between Nominal Tile Size & Work Tile Size (Caliber)

Nominal Tile Size

Used by manufacturers and retailers to indicate the **approximate size** for tiles, and is usually stated on the box, catalogues and websites.

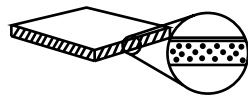

Work Tile Size (Caliber)

The exact dimensions of each individual tile, measured from edge to edge and might differ from production batches. Moreover, this variation on sizes is within standard norm of tolerance.

Ceramic Specifications

- Indoor
- Wall
- Water Absorption 5 - 10%
- Softer and easier to cut

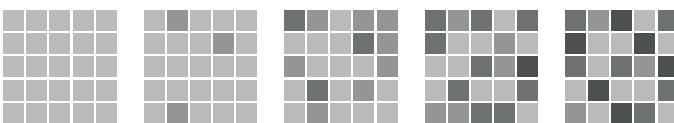

Porcelain Specifications

- Indoor & Outdoor
- Wall & Floor
- Water Absorption 0.1 - 0.5%
- Strong and impervious

V Shade

Nuances / Shade & Aspect Variation of tiles in the same collection

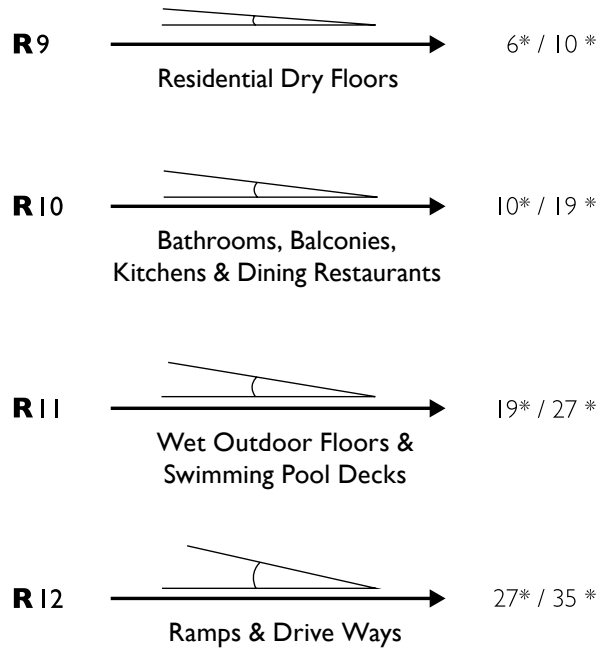

V0 No Variation V1 Minimal Variation V2 Moderate Variation V3 High Variation V4 Random Variation

NOTE: FOR TECHNICAL DETAILS OF YOUR SELECTED TILES PLEASE CONTACT OUR SALES TEAM

What is R (non slip) rating?

International standard of ramp testing on resistance to slipping of tiles when exposed to different level of moisture

Terminology

Rectified

Tiles with straight edges, allows tiling arrangements with very narrow joints.

Calibre

It's the facial dimension (size) and is measured with a tool called a caliper. Using different caliber sizes results in a variation in grout joint widths.

Water Absorption

Measurement of how much moisture a tile is likely to absorb on on-going basis.

Stain Resistance

Method applicable to all working surfaces of tiles to determine their resistance to stains after 24 hours of applying a staining agent.
