# CUSTOMISATION

## CUSTOMISE TO YOUR LIKING

Imagine a home designed to reflect your deepest desires. You can curate every detail of your bathroom with our portfolio of some of the best global brands. With Idea Group, you can create your space with custom furniture, available in a variety of sizes and colours that flaunt your unique style. Balducci lets you bring nature home and craft a personal sanctuary with one-of-a-kind basins crafted from quarried Italian marble. Together, these brands enable you to transform your dreams into reality, creating a living space where every element resonates with your individual taste.

## MIX & MATCH

Create your own unique aesthetic with our Mix & Match collections. Stella's Macaron Range allows for playful customisation, enabling you to pair brassware rings with a variety of tile handle options. Build a distinctive look where every detail reflects your individual style.

## DESIGN IT YOURSELF

Envision your perfect space. We offer exquisite products and the expert support you need—you bring the inspiration. Whether a simple refresh or a complete redesign, our flexible offerings bring your ideas to life and enable you to design beyond the standard.

# TRENDS 2025

## BRASSWARE TRENDS

Brassware is experiencing a renaissance in bathroom design, and it is no longer just about functionality. Today's trends are focused on making a bold statement with striking colours, unexpected textures, and artistic shapes that elevate the entire space. Move beyond chrome and explore the warmth of brushed gold and brushed bronze, along with modern finishes that use galvanic coating, powder coating, armour coating, or PVD. Embrace the drama of matt black or the industrial-chic allure of gun metal. Mixed metals are also gaining traction, offering the opportunity to create a unique, personalised aesthetic.

## THE NEW WAVE OF SANITARYWARE

Sanitaryware is stepping into the spotlight with bold new colours, innovative materials, and eye-catching silhouettes. Think sleek matt finishes, unique countertop designs, and sculptural sanitaryware that makes a statement. Don't shy away from colour—vibrant tones like dramatic red add personality and style. Reimagine your bathroom with pieces that are as stylish as they are functional.

## BRASS GONE BOLD

Brassware is bolder than ever. Embrace a world of captivating colours, textures and finishes that will transform your bathroom into a luxurious personal escape. Whether you choose brushed gold for a touch of vintage glam, matt black for a sleek and modern feel, or gun metal for an industrial edge, you can keep the look uniform or mix and match for a personal touch.

## FURNITURE REDEFINED

Furniture gets a serious style upgrade with bold colours, sustainable materials, and statement pieces that tell a story. Express your style with luxury bathroom furniture solutions in a range of effect finishes like natural wood and adorning marble terrazzo countertops, vanity units and bathroom mirror cabinets.

# BRANDS @ SANIPEX

The company offers unique and original collections born from a land steeped in culture. With its products bearing superior aesthetic and technical qualities, Cerdomus designs the ceramics of tomorrow.

Indoor and outdoor porcelain stoneware for contemporary living since 1970. Emulating the beauty of nature through floor and wall tiles with outstanding technological qualities, each Coem product is destined for residential and commercial projects.

Designing surfaces that turn dreams into reality. Founded in 1979, Del Conca create innovative and beautiful solutions for living spaces with a focus on quality, expertise, and technology.

FAP Ceramiche, founded in the mid-Sixties, is a renowned creator of designer tiles, floor and wall coverings using porcelain stoneware of the highest quality. Created in Italy with style and passion, FAP's collections are inspired by an intuition fed by art, aesthetic, colour, material and technology to design interiors that resonate with you, to welcome you and to make you feel good.

As a benchmark in ceramic production, Galassia draws on decades of history and a rich industrial tradition to merge design creativity with production expertise. The company was founded in 1980 in the district of Civita Castellana, Italy, where craftsmanship, innovation, and sustainability combines to offer quality Italian ceramics designed for everyday life.

For nearly four decades since 1987, Idea Group has been crafting relaxed spaces with quality, functional furniture that nurtures wellbeing. In line with current design trends, the brand uses materials made to last and to be enjoyed for longer.

Dutch brand JEE-O creates bathroom concepts based on minimalist, industrial, durable and timeless designs, for an invigorating experience for the modern lifestyle. Discover a range of indoor and outdoor showers, alongside faucets, basins, baths, and accessories.

## NOBILI

## 238 CLEAN & CARE

JEE-O bathroom concepts, based on minimalistic, industrial, durable and timeless designs, enrich and energise the user experience.

The creative brain behind JEE-O, concept and product designer Lammert Moerman, only has one wish in mind; enable the world to feel the JEE-O DNA and experience the ultimate JEE-O feeling. Lammert Moerman creates functional products with tranquillity and space for body and mind.

The brand offers a complete bathroom concept, with showers, faucets, basins, baths and matching accessories. Each range has its' own characteristics, designed as unique free-standing objects, to give you full flexibility in creating your own bathroom experience. While all showers and faucets are made from high quality stainless steel, products are finished in a brushed, black, bronze, gold or gun metal look. All baths and basins are made from high grade DADOquartz, a combination of quartz rock and resin.

For over 20 years the award-winning JEE-O has rapidly gained recognition across the globe, available in over 40 countries.

**stella**  
1882

Rubinetterie Stella S.p.a. has been an icon of “Made in Italy” for almost 140 years in the production of taps and bathroom accessories. Founded in 1882 in Cireggio on Lake Orta as a foundry and lathe workshop, the company quickly specialised, at the behest of its founder Pietro Stella, in the production of faucets and bathroom accessories. Already in the early 1900s, Rubinetterie Stella positioned itself at the top of the sector, thanks to innovative design and high craftsmanship: its faucets have accompanied Italy’s history thanks to their constant presence in famous hotels and private residences worldwide.

Stella products embody experience, industrial research, and meticulous craftsmanship in every single component.

Each Stella product is an original, drawing value from aesthetics, functionality, and technology taken to the highest level.

STELLA

Francis Sultana is an interior designer born in Malta and based in London regularly featured on Architectural Digest's annual AD100 list. With "luxury, bespoke, and sumptuous" style (Living), in which he manages to mix "baroque and pop art" (Financial Times), he finds perfect expression in the project - in which he created the concept that later becomes the Ennio collection- of La Palma in Capri.

**ENNIO:** A collection designed by architect Francis Sultana for Stella, who drew inspiration from the neoclassical column whose vertical groove echoes, softening its shapes, thicknesses and completely rethinking its proportions, creating a harmonious play of curves and reflections. Its design is prestigious, with important but sober volumes, refined even in its range of accessories.

# AXENT

What you see is pure design.

What you experience is pure Innovation.

The AXENT Group is wholly committed to creating a future where beautifully crafted products bring an unimagined level of quality to our lives. With 530 engineers in the research and development centre, alongside 3200 employees, the AXENT Group is well positioned to achieve its vision to become the world's most innovative and reliable provider of sanitary technology.

# Matteo Thun

MATTEO THUN & ANTONIO RODRIGUEZ

In partnership with Matteo Thun since 2003, Spanish designer Antonio Rodriguez follows the principle of “remove rather than add” and pairs sophisticated aesthetics with intuitive functionality and innovation. Matteo’s and Antonio’s work stands for timeless simplicity, mindfulness and a clear design language shaping iconic products and architectural projects to ensure the enhancement of the everyday.

Water is a source of life and as a stimulus of cultivation and refinement. The use of water is a ritual that is not carried out unconsciously - it means pleasure and joy, hygiene and purification. Handling with water is a true culture.

As AXENT is a global brand, the focus of the design process was to create simplicity while offering a cross-cultural design, with simple elegant shapes and refined lines in a variety of exquisite materials. Therefore, when designing ZERO, the new product for the AXENT brand, the aim was to combine simplicity with sophistication, the purity of shapes with the preciousness of details.

AXENT.ZERO is about timeless beauty. High quality ceramic and pure, slim shapes meet numerous possibilities to blend.

The AXENT.ZERO shower toilet honors the water source through the use of innovative hidden technology and electronic water-shower. Its design aesthetic follows the principle of “remove rather than add”.

The pure and clear shapes are only supported by a two-tone option: the combination of metal and ceramic forms an elegant detail in a subtle yet elegant way.

AXENT.ZERO simultaneously meets the needs of private use and those in the hospitality sector – it is all about silent luxury.

AXENT

# AXENT.ZERO PREMIUM SHOWER TOILET

Discover the AXENT.ZERO collection – where innovation meets elegance in a modular toilet concept designed for modern lifestyles. Equipped with the quietest flushing technology, sleek design, and sustainable materials, AXENT.ZERO is eco-friendly without compromising on style or comfort.

Crafted from an exceptionally durable, high-quality material, AXENT.ZERO is built to last, ensuring superior resilience and longevity. AXENT.ZERO adapts as your needs evolve, making it the perfect choice for those who value comfort, style and exceptional quality.

Designing and manufacturing elegant, stylish bathroom furniture and accessories for the modern bathroom since 1987, Idea Group brings a balanced combination of functionality, comfort, and beauty.

By creating architectural bathrooms, the company underscores its brand mission: to redefine bathrooms into areas for wellbeing, with products characterised by sleek, architectural lines.

Preserving the local traditions of its local province of Treviso, Italy, the Group utilises local expertise to handcraft various materials and finishes which are then merged with the use of new materials and innovations. Its own established Idea Production System (IPS) enables the company to stay ahead of the curve with the latest technologies and manufacturing processes.

Delivering quality products that offer an optimal massage and relaxation experience, Wellis is Europe's leading quality spa manufacturer. Its range of hot tubs and swim spas offer a persuasive combination of a user-friendly experience powered by the latest technologies in a stylish design.

Wellis started as a small family business in 2003. Since then, the company has grown into a global brand with an innovative mindset and a commitment to developing new technologies. Every Wellis product comes with extra peace of mind in the form of a ten-year warranty on the shell, seven years on the acrylic surface, and three years on the engineering.

With three factory facilities in Europe and an expert workforce of 1,600 people dedicated to the shared goal of bringing the Wellis wellness experience to homes all around the world, the company holds several patents and has been recognised with numerous awards.

# TUBES

THE WARM SIDE OF DESIGN

Tubes is famous at international level for its cutting edge designer radiators and heated towel rails, which place the Italian brand at the forefront in the industry. The family-run brand has stood out from the rest from the very onset thirty years ago, having revolutionised the appearance of traditional radiators, turning them into genuine iconic pieces.

Tubes' company headquarters are situated near Venice, and all production takes place in-house. 'Made in Italy' is one of the key values of the corporate philosophy, along with innovation, experimenting in shapes and technology, fine craftsmanship and superior quality.

# Windisch

It all began in Barcelona in 1934, when Hans Windisch founds a company for handcrafted decorative articles made from brass. Windisch has one goal: to make everyday life a unique experience. The brand offers not only products but a heritage of excellence that is reflected in every piece created.

Exporting their products to more than 80 countries, Windisch is already the fourth generation of the same family that continues to handcraft brass and crystal glass into innovative bathroom articles.

Its essence is the perfect fusion of tradition, quality and experience. The dedication to handcrafted production distinguishes the brand and translates into the unequalled quality of its products, turning each bathroom into an elegant and unique space.

Items designed to endure over time and in memory. Items that turn your everyday moments into something extraordinary.

FAP Ceramiche offers a catalogue of over 30 collections: decorated, coloured, polished or satin-finish tiles; lines that take their inspiration from marble, stone or wood; mosaics and special trims for a perfect finish.

A range of white-body covering products that include both traditional, non-rectified sizes and larger surfaces with squared edges, suitable for a continuous, jointless wall. The offer includes collections in porcelain stoneware, in which the power of cutting-edge technology teams with the design expertise the company is famous for: the enormous variety of sizes includes MAXXI sizes of up to 120x278. This is a catalogue able to give shape to the needs of those seeking inspiration for furnishing their home, featuring options in rich colours or delicate nuances, representing the perfect blend of ceramic tradition and contemporary design.

## DEL CONCA - We give shape to beauty

Del Conca designs surfaces to bring your dreams to life, tailored to emotional mode of living, where quality, experience and technology come together to create new forms of shared beauty.

With its ever-present product lines, Del Conca satisfies all the design requirements of design, architecture and ways of living. Sophisticated woods, marble, stones, concrete, cotto or metal surfaces in variety of sizes and thicknesses reveal a dynamic and always innovative design vision.

Always ahead in innovation and technology, its porcelain stoneware is printed with very high-definition graphics. Its products are resistant to wear and chemical agents, easy to clean and therefore suitable for environments exposed to extreme external stresses—an authoritative testimony of a Made in Italy culture. One of the largest producers of porcelain stoneware created to live outdoors, thereby making Del Conca the leader for outdoor tiles in 1, 2 and 3 cm thicknesses.

**We design with nature.**

Art and the hand of Man move the stone to reveal its structures and volumes. Coem uses technology to interpret these movements, applying them to an industrial item that becomes a design product that everyone can enjoy.

Coem research carries forward project ideas that emerge in the present and inspires us to imagine the future through intuitions and processes that follow a set of rules. Design works differently from art, requiring a careful eye on the world that revolves around new ideas, evolves through theory and technique and forms a close, intricate relationship with production systems and the beauty of living.

Just like nature, design cannot exist without a plan, and it is this awareness that brings us collections in porcelain stoneware that are increasingly durable, beautiful, functional and accessible. Because Coem designs ceramics to engage with the world.

Italian style, excellence and quality.

Representing the ultimate in Italian style, the Ceramiche Gardenia Orchidea Group has been in operation since 1961. Today, the company has a presence in over 100 countries worldwide and is renowned for the exquisite craftsmanship of its exclusive collections designed to transform a wide range of living and retail spaces, from work, kitchen, bathroom, indoor and public areas.

Handling the entire manufacturing cycle of its high-quality ceramics, all of which are designed and created in Italy, from glazes and special trims through to hand decoration techniques, Ceramiche Gardenia Orchidea's stunning Gardenia and Versace collections incorporate a wide choice of finishes and formats, including stone, concrete, wood, and slabs. The company also offers a bespoke service where logos can be engraved on surfaces in fine detail using hydro-jet or sandblasting techniques.

# CLEAN & CARE

## BRASSWARE

Keep your brassware sparkling clean. Regularly clean with a mild soap and water solution, avoiding harsh chemicals that can damage the finish. Dry thoroughly to prevent water spots.

## SANITARYWARE

Maintain your sanitaryware with gentle cleaning. Use non-abrasive cleaners and soft cloths to avoid scratches. Regular cleaning prevents the buildup of grime and keeps products looking their best.

## FURNITURE

Proper care keeps your furniture looking its best. Regularly dust and wipe down your bathroom furniture to maintain its appearance and prevent moisture buildup.

## WHIRLPOOLS

Keep your whirlpool clean with regular maintenance. Follow manufacturer guideline for correct water treatment and cleaning procedures to ensure optimal performance and longevity.
