ELEVATED OUTDOOR LIVING

# PAVILION

*A refined pergola with enhanced structure  
and full control over sunlight, shade,  
and atmosphere.*

# PAVILION

Pavilion brings structure and comfort to outdoor living, creating a dedicated space for dining, relaxing, and entertaining. Its fully motorised louvred roof allows you to adjust sunlight and shade at the touch of a button, with independently controlled sections for greater flexibility throughout the day.

Integrated lighting extends the use of the space into the evening, while generously proportioned posts and beams give Pavilion a strong architectural presence. Constructed from premium aluminium and built for all seasons, Pavilion offers a durable and refined outdoor solution. Custom finishes and dimensions are available upon request.

### Features

PRACTICAL BY DESIGN

# PORTICO

*A versatile pergola offering simple operation and easy installation across a range of outdoor settings.*

# PORTICO

Portico is designed to suit a variety of outdoor spaces, from gardens and terraces to poolside areas, creating a comfortable area for everyday use. Since it does not require fixed electrical connections, it can be installed easily in a wide range of locations.

Its louvred roof system allows you to manage sunlight as needed using a simple manual crank mechanism. Made from durable aluminium and built for year-round use, Portico combines reliability with clean, modern design. Custom finishes and dimensions are available upon request.
