SANIPEXGROUP

OUR STORY

Marking three decades of service, quality and innovation.

For over 30 years, we have built our prestigious product portfolio, extended our client base and propelled our business to service the MEA, UK, Europe and Africa through our Retail, Trade, Project and Digital channels.

From humble beginnings in a small office in Dubai specialising in plumbing products, we have since expanded globally to become the leading provider of quality, design-led solutions for indoor and outdoor spaces.

Combining the highest quality Bathroom, Kitchen, Surfaces, Lifestyle, Lighting, Hardware & Ironmongery and Outdoor Living Solutions with exceptional customer service, SANIPEX GROUP offers a one-stop-shop for architects, interior designers, developers, retailers and private clients.

Established in Dubai, UAE in 1995, SANIPEX GROUP is ready to deliver your next project. With showrooms in key locations including Dubai, Abu Dhabi and London, alongside an established presence with partner retailers in over 40 countries, at SANIPEX GROUP, the customer always comes first.

RETAIL

With multiple SANIPEX GALLERY and BAGNODESIGN showrooms located across the United Arab Emirates, everything professional and private clients need to transform a wide range of indoor and outdoor spaces is within easy reach.

SANIPEX GALLERY

A unique 'LIVE WELL' concept crafted to promote an exceptional quality of life, the SANIPEX GALLERY showroom offers design-led collections with every single product carefully selected for aesthetic appeal, quality, and performance. SANIPEX GALLERY features inspirational displays showcasing the latest global trends across the Bathroom, Tiles & Slabs, Kitchen, Outdoor Living, Lighting, Hospitality and Lifestyle categories.

BAGNODESIGN

For beautiful bathrooms that stand the test of time, BAGNODESIGN delivers outstanding luxury solutions to suit a variety of spaces and design aesthetics. Filled with inspirational room sets and displays, our showrooms showcase the latest global design trends. From beautiful brassware and spa shower solutions to basins and bathtubs, tiles and slabs, furniture and accessories, our expertly crafted collections work across a range of aesthetics for any project, from single residences to large-scale commercial builds.

Red Sea Airport, Saudi Arabia
Featuring DOLPHIN

Yas Mall, Abu Dhabi
Featuring DOLPHIN

Anantara Show Apartment
Featuring WELLIS

Emirates Diplomatic Academy, Abu Dhabi
Featuring DOLPHIN & GEBERIT

THE ART OF THE BATHROOM

MATERIAL. CRAFT. INDIVIDUALITY. INTELLIGENCE

Material, proportion, light and water all contribute to the character of a bathroom. The choice of fittings, finishes and furnishings allows each space to reflect its architectural setting and the preferences of those who use it.

Our brands offer a broad range of bathroom solutions, combining stocked collections with tailored options available on request. From distinctive finishes and intelligent technology to furniture, accessories and surfaces, the portfolio supports individual design and specification requirements.

A space made personal.

MATERIAL HAS A LANGUAGE

THE NEW EXPRESSION OF LUXURY IS IN THE FINISH.

A finish does more than add colour. It changes the way a product interacts with light and sits alongside stone, timber and ceramic. Across our portfolio, materials, finishes, forms and technology offer different approaches to bathroom design.

CRAFT & FINISH

WATERWORKS

Metal finishes with distinctive character, from PVD and electroplated finishes to living finishes that develop a natural patina over time.

DETAIL & ACCESSORIES

DECOR WALTHER

Bathroom accessories distinguished by their materials, proportions and attention to detail.

MADE PERSONAL

IDEAGROUP

Modular bathroom furniture offering a choice of sizes, configurations and finishes to suit individual spaces.

DESIGN & INTELLIGENCE

AXENT

Intelligent bathroom technology integrated into contemporary design. AXENT.ZERO offers one design with four possibilities.

DESIGNED AROUND YOU

Complete the bathroom with complementary furniture, accessories and architectural surfaces, selected to suit the space and individual project requirements.

"Designed around the space. Defined by you."

THE RITUAL OF WELLNESS

FROM A SINGLE EXPERIENCE TO A COMPLETE PRIVATE RETREAT.

Wellness can begin with a shower or extend to a dedicated spa environment. Our portfolio includes sauna, steam, spa shower and hydrotherapy solutions, with lighting, sound, scent and accessories offering further opportunities for personalisation. Each element can be selected individually or combined to suit the architecture and requirements of a private home, hotel or dedicated wellness space.

WAKE. REFRESH. RECOVER. RESTORE

BUILD YOUR WELLNESS RITUAL

Choose a single experience or combine complementary elements to create a complete wellness environment.

SAUNA

Wellbeing through heat.

Experience the warmth of a sauna in a space designed for relaxation. Combining natural materials, elegant detailing and advanced technology, the collections from Carmenta, Harvia and Novellini offer a choice of solutions for residential and hospitality settings.

CARMENTA · HARVIA · NOVELLINI

STEAM

Breathe. Relax. Renew.

Immerse yourself in the gentle warmth of steam. Our steam solutions combine contemporary design with a relaxing bathing experience, with options suited to residential and hospitality environments.

CARMENTA · HARVIA · NOVELLINI

WATER EXPERIENCE

Awaken the senses.

Transform the everyday shower into a multisensory experience. Water, temperature, lighting and optional aromatherapy can be combined to create different showering sequences.

BAGNOSPA

HYDROTHERAPY

The power of water.

Our whirlpools combine warm water and targeted massage jets with contemporary design, creating an inviting environment for relaxation and bathing.

NOVELLINI · IDEAGROUP · WELLIS

COMPLETE THE EXPERIENCE: LIGHT · SOUND · SCENT · ACCESSORIES · PERSONALISATION

WATERWORKS

Over almost five decades, through experience, expertise, and driven by relentless passion, Waterworks has established leadership in the bath and kitchen world—a foundation built on impeccable design, artisanal craftsmanship, and rigorous engineering.

Starting as a small family business in 1978, Waterworks has been led by CEO & Creative Director Peter Sallick for over 30 years, enabling a long-term vision for the company to be shaped and cultivated in a world where fads and short-term thinking often prevail.

Founded as a seller of specialty bath and kitchen fittings, the company has grown to offer a complete and proprietary vision for the two most valuable rooms in the home, including fittings, bathtubs and sinks, accessories and lighting, surfaces, and cabinetry—all with a singular focus on extraordinary design and quality.

NOBILI
daily wonders

Nobili offers pure design and incomparable technological efficiency. Innovating the industry since 1954 Nobili is not only the largest brassware manufacturer in Italy, but a pioneer in sustainability and standardising the industry - resulting in the iconic company winning numerous awards.

Today, ecosustainability is at it's height. The Suno 100,000 square metre production plant, with three hundred machining work centres is classified as a "Zero Emission Company". Because a product designed to improve quality of life cannot be born if it is destined to destroy the world in which we live.

JEE-O bathroom concepts, based on minimalistic, industrial, durable and timeless designs, enrich and energise the user experience.

The creative brain behind JEE-O, concept and product designer Lammert Moerman, only has one wish in mind; enable the world to feel the JEE-O DNA and experience the ultimate JEE-O feeling. Lammert Moerman creates functional products with tranquillity and space for body and mind.

The brand offers a complete bathroom concept, with showers, faucets, basins, baths and matching accessories. Each range has its' own characteristics, designed as unique free-standing objects, to give you full flexibility in creating your own bathroom experience. While all showers and faucets are made from high quality stainless steel, products are finished in a brushed, black, bronze, gold or gun metal look. All baths and basins are made from high grade DADOquartz, a combination of quartz rock and resin.

For over 20 years the award-winning JEE-O has rapidly gained recognition across the globe, available in over 50 countries.

LEFROY BROOKS

Lefroy Brooks design and manufacture traditional British bathrooms that stand the test of time. The brand's definitive range of historically referenced bathroom products spans a century of classics, from the late Victorian era to the present day.

It's comprehensive offering extends beyond taps and showers, encompassing an array of bathroom essentials, including accessories, chinaware, marble consoles, bathtubs, lighting, and towel warmers.

Today, Lefroy Brooks endeavour to uphold the enduring standards of these bygone eras. Each of its products is meticulously crafted, from casting and forging to polishing and inspection, while maintaining modern precision. These timeless products continue to complement and enhance the finest modern interiors.

The brand caters to the global hospitality, commercial, and residential sectors, regardless of the scope of the project. Its design and engineering teams can tailor solutions to meet your project's unique requirements.

With the exception of Chromium Plate and Brushed Chromium Plate all Lefroy Brooks finishes should be considered 'living finishes'. These have no protective coating and form a natural patina that will age naturally.

THG®
PARIS

Founded in 1956, THG Paris is a French company specialising in the design and manufacture of luxury bathroom fittings and accessories.

THG Paris controls the entire design and production process internally in order to offer highly innovative solutions and designs. Renowned for its attention to detail and high-quality products, distinguished designers regularly collaborate and entrust the brand with the realisation of their projects.

Thanks to its expertise, the brand also offers a wide variety of custom-made products. Situated near the coast of Normandy, the THG Paris workshops are home to both the expertise and resources required to manufacture its products. In recognition of this, THG Paris has received the prestigious EPV label, awarded to companies who demonstrate excellence in their traditional and industrial skills: a guarantee of exceptional French manufacturing. These high standards are shared by our partners such as: Lalique, Baccarat, Christofle and Haviland.

AXENT
SWITZERLAND

Inspired by Life, Designed for Living.

AXENT creates intelligent bathroom solutions that combine Swiss precision, timeless design and seamless technology. Established in 2008, the AXENT Group has grown into an international specialist in sanitary technology and shower WCs, with a European base in Switzerland and a global presence.

From intelligent shower WCs and refined ceramics to faucets and advanced technologies, AXENT brings design and technology together in one coherent bathroom experience. Every product is created to make everyday life more intuitive, comfortable and beautifully considered.

Guided by the principle of reducing design to what truly matters, AXENT combines clear forms with intelligent functionality and lasting quality. Technology remains discreetly integrated, while water-saving systems, energy-efficient solutions and durable materials reflect a responsible approach to modern living.

AXENT. ZERO

What you see is pure design.

What you experience is pure Innovation.

Designed by Matteo Thun & Antonio Rodriguez, AXENT.ZERO reflects AXENT's design philosophy through clear, elegant lines and a timeless aesthetic. Its design is reduced to what truly matters, creating a distinctive expression of clarity and purpose.

The aim was to combine simplicity with sophistication, the purity of shapes with the preciousness of details. AXENT.ZERO is about timeless beauty, where high-quality ceramic and pure, slim shapes offer numerous possibilities to blend.

The AXENT.ZERO shower WC honours the source of water through innovative hidden technology and an electronic water shower. Its design aesthetic follows the principle of "remove rather than add."

AXENT.ZERO simultaneously meets the needs of private use and those in the hospitality sector – it is all about silent luxury.

FOUR MASTERPIECES

The new AXENT.ZERO collection features four WC models across three product categories, all with a unified design, offering the right solution for every bathroom and every need – from timeless wall-hung WCs to innovative premium shower WCs. Thanks to their modular design, the models can be flexibly expanded and easily upgraded. A WC today, a shower WC tomorrow.

alice

Part of the ceramic district of Civita Castellana, Alice's know-how derives from a long standing tradition in ceramic processing akin to the cultural heritage of their region. Quality, innovation and a little bit of pride make their creations unique.

Alice's workers, technicians and designers work side by side, with an artisanal method which also benefits from the most advanced technologies.

They have always believed that company growth also passes through particular attention to green topics, which is why in their factories the consumable raw materials are all recyclable and a 500KW photovoltaic system has been installed with the goal of expanding it in the near future.

Alice designs, manufactures and brings to market innovative products and solutions with the aim of keeping up with times by introducing modern and functional collections on a regular basis.

Balducci design

Handcrafted in Tuscany, Italy, Balducci Design creates exclusive lifestyle pieces carved from natural marble. Born from experience and a passion for furniture, each crafted piece meets the modern needs of functionality, comfort and beauty.

The Balducci Design brand was created from Balducci Marmi and the passion for furniture. Here you will find exceptional washbasins for the bathroom and home, designed to last and to amaze, always with functionality in mind. All the items in this catalogue are crafted in its factory in Camporgiano in Tuscany.

The various marbles used have been chosen for their strong concentration of fossils and as they are a purely natural product, there will always be the presence of different variations of veins, colours and shades, as well as microcracks and small holes. This gives each piece the characteristic of being truly unique.

GALASSIA
LACERAMICACONTEMPORANEA

Founded in 1980 in Corchiano, Italy in the Civita Castellana district, well known for its ceramic tradition, Galassia is an active player in the production and marketing of ceramic sanitaryware. The company creates high-end products for the home interior and represents a brand with heritage and recognition as proven by 40 years of history in the bathroom furniture sector.

The company controls all key phases of the value chain from raw materials to final products. All manufacturing processes are carried out in Italy through the use of cutting-edge manufacturing systems and manual operations in which the know-how of expert craftsmen makes all the difference. Galassia established a long-lasting collaboration with architects and designers and offers more than 300 different ceramic products of different colours, sizes and installation methods.

GEBERIT

Geberit's long history started in 1874 with the opening of a plumbing business in Rapperswil, Switzerland, by Mr. Caspar Gebert. Since these very early days our history has been lined with many innovations which have not only set new industry standards, but also have played an important role in setting the stage for the products that are found in today's modern bathrooms. Geberit pioneered the innovative concealed cistern back in 1964: the innovation to place the cistern inside the wall changed the look of bathrooms around the world.

Geberit is still setting trends with comprehensive sanitary systems and solutions utilising its know-how in installation and flushing systems. Through constant research and development Geberit makes sure that their technology and design not only meets standards but is state-of-the-art.

IDEA GROUP

Designing and manufacturing elegant, stylish bathroom furniture and accessories for the modern bathroom since 1987, Idea Group brings a balanced combination of functionality, comfort, and beauty.

By creating architectural bathrooms, the company underscores its brand mission: to redefine bathrooms into areas for wellbeing, with products characterised by sleek, architectural lines.

Preserving the local traditions of its local province of Treviso, Italy, the Group utilises local expertise to handcraft various materials and finishes which are then merged with the use of new materials and innovations. Its own established Idea Production System (IPS) enables the company to stay ahead of the curve with the latest technologies and manufacturing processes.

NOVELLINI

Founded in 1966 by Gianfranco Novellini, Novellini's journey began as a small artisan company, and over the course of more than 55 years, it has grown into a leading force in bathroom furnishings and wellness design. Novellini takes immense pride in its rich history, having evolved into a reference brand in the bathroom industry across Europe, widely acclaimed by both professionals and users alike.

From the very beginning, the brand has embraced cutting-edge technology and the latest design trends to deliver unparalleled wellness experiences. Proudly 100% made in Italy, Novellini designs and creates everything in-house, from bathtubs and furniture to shower cubicles and whirlpools. Its vertically integrated production process allows complete control over the entire supply chain, ensuring the highest quality from raw materials to the finished product.

The brand's creativity is fuelled by the collaboration between its designers, research and development teams, and production experts. Together, Novellini brings ideas to life that enhance everyday well-being, blending artistry and innovation to create exceptional experiences for customers.

Wellis®

Delivering quality products that offer an optimal massage and relaxation experience, Wellis is Europe's leading quality spa manufacturer. Its range of hot tubs and swim spas offer a persuasive combination of a user-friendly experience powered by the latest technologies in a stylish design.

Wellis started as a small family business in 2003. Since then, the company has grown into a global brand with an innovative mindset and a commitment to developing new technologies. Every Wellis product comes with extra peace of mind in the form of a ten-year warranty on the shell, seven years on the acrylic surface, and three years on the engineering.

With three factor y facilities in Europe and an expert workforce of 1,600 people dedicated to the shared goal of bringing the Wellis wellness experience to homes all around the world, the company holds several patents and has been recognised with numerous awards.

Custom Solutions

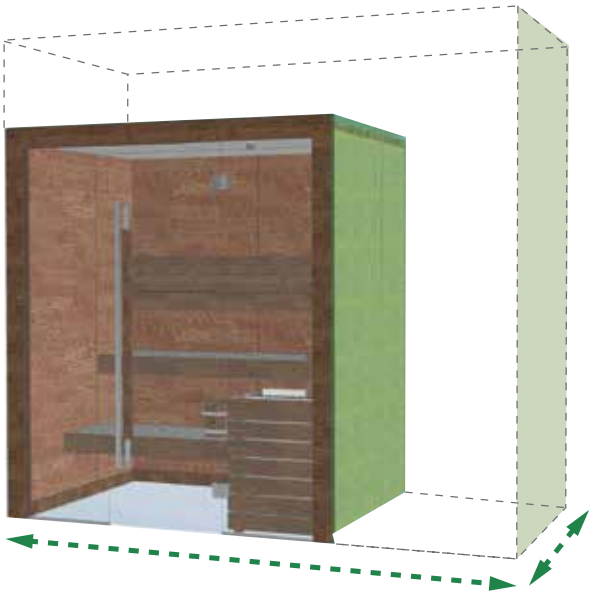

Tailor-made wellness experiences.

Carmenta offer fully customisable sauna, steam bath, and shower solutions, perfectly fitting any architectural context, design vision, with lighting and technology that aligns with your style and requirements.

Because wellness is not one-size-fits-all. It is personal!

Product Code:

CMT-CUST-SAUNA

GENIUS System: Smart Control for Wellness Cabins

The GENIUS System by Carmenta is an advanced remote-control solution that optimises and manages every aspect of your sauna and steam bath experience, from anywhere.

- Control all features of your sauna and steam bath, including temperature, humidity, light and session time.
- Monitor cabin performance in real-time.
- Access diagnostics for prompt support and maintenance.
- Integrate with home automation or professional Building Management Systems (BMS).

WOOD FINISHES

Carmenta selects only premium woods such as Thermowood Ash, Abachi, and Hemlock, chosen for their durability, low thermal conductivity, and natural elegance. Each slat is carefully worked to ensure perfect alignment, a smooth touch and optimal resistance to heat and humidity.

Natural materials, refined finishes, timeless design.

CUSTOM SAUNA OPTIONS

Custom Solutions

Unique Sauna Designs

Let your imagination soar and visualise your ideal sauna. We offer sauna design models which can be customised uniquely to the client's needs. The designs cover a wide range of different styles and heating options with Finnish or Infrared Heaters and additionally salt blocks can be customized for added benefit.

Product Code:

HRV-CUST-SAUNA

Discover the right option for the atmosphere and style you want from our range of different designs:

Wood Finishes

Panels make an impact on the atmosphere of your sauna. The colour, grain, and cut of wood chosen for the walls and ceiling sets the backdrop for your sauna design. Medium and darker toned panels evoke traditional and natural feelings, whereas lighter panels allow dark interior elements to pop from the backdrop.

Solid Spruce | Abachi | Alder | Aspen | Heat-treated Aspen

Door/Glass Finishes

All sauna glass doors and glass walls have been specifically designed for sauna use. The glass used is tempered 8 mm safety glass. The sealant of the door frame keeps the heat in the sauna room and makes sure that the door closes smoothly. Available in many colour combinations, and are easy to install.

Clear | Bronze | Gray | Satin

MyHarvia: Remote control your sauna

Harvia Wi-Fi solutions, combined with the MyHarvia mobile app, have been designed to allow the safe and easy remote control of your sauna. These solutions allow you to switch on the sauna heater remotely and control other features that will save energy, as your sauna will be ready exactly when you are. The door sensor, a safety device included in the Harvia Xenio Wi-Fi accessory package, keeps the sauna safe as it can be controlled remotely.

You can control the features of the Harvia Xenio Wi-Fi control panel from your mobile device from anywhere and at any time using the MyHarvia mobile app.

BAGNOSPA

For a truly indulgent spa experience, BAGNOSPA, the spa & wellness brand by BAGNODESIGN, offers a number of high-quality holistic solutions that gently take you into a world of pure relaxation.

BAGNODESIGN believes that wellness is a ritual, an immersive experience that soothes the body, calms the mind and awakens the senses. Bringing the atmosphere of a luxury spa retreat into any space, the brand offers a complete solution for beautifully designed bathroom and wellness areas—for daily rituals and complete restoration across homes, hotels, resorts and beyond.

Within the shower, recessed shower heads offer a choice of water functions, with selected models featuring integrated RGB lighting. Set the mood with lighting and speakers designed to complement the space, then complete the setting with accessories such as towel rails, benches and shelving units.

Relax, unwind and recharge with BAGNOSPA.

FINISHES:

The Wedi system allows unlimited possibilities in your bathroom design, whether its a new build or a renovation project, the design of any bathroom can be tailored to individual requirements.

Since 1983, Wedi turned into a premium brand for the realisation of bathroom and wellness areas and is now active in over 50 countries working closely with architects, specialist dealers and tilers on new developments.

With Wedi you get a large range of different components - from simple building boards to numerous shower and bath elements through to the various complete system solutions and appropriate sealing and installation accessories to form your individual and comfortable bathroom or wet area.

Wedi products are 100% waterproof, extremely robust, protect against mould and fungus and are suitable for individual tiling or plastering; certified by numerous institutes and guarantee system safety for the whole floor to wall system: signed and sealed by Wedi.

DOLPHIN

Dolphin Solutions is dedicated to creating the finest commercial washroom experience with total confidence and to helping commercial developers, architects, and contractors achieve their vision by offering an innovative washroom product range and world-class service.

Dolphin offers a complete washroom consultancy service, from analysing washroom designs to providing unique solutions to help their clients achieve their sustainability goals, desired building accreditations, and testing the functionality of their washroom products after installation.

Clients gain a return on investment like no other with Dolphin's beautifully designed washroom products, built for durability and quality. Choose from a wide variety of washroom products in touch free and traditional options and add that wow factor to your project with Dolphin's special finishes and coatings.

WASHWALL SYSTEM

WASHWALL SOLO SYSTEM

Tailored to fit your washroom project needs

Introducing the Dolphin WashWall Solo System, a groundbreaking evolution in behind mirror design that redefines elegance, functionality, and adaptability in public and commercial washrooms.

It contributes to a more organised, user-friendly washstation experience, enhancing efficiency in hand hygiene practices by attracting individuals to the essential handwashing amenities. This strategic mirror design helps users quickly identify and access the behind mirror hand dryers, sensor taps, paper towel dispensers, and soap dispensing locations, ultimately enhancing the overall flow and user experience within the washroom.

- One Connection Plumbing
- One Connection Electronics
- Up to 8 WashWall Solo in a run
- Smart Technology Ready

WASHWALL SYSTEM

Mirror the future of commercial washroom design

The Dolphin WashWall System is an industry-recognised, fully integrated handwashing system that seamlessly integrates behind mirror taps, touch free soap dispensers, hand dryers, paper towel dispensers, and LED lighting within a sleek, modular mirror unit.

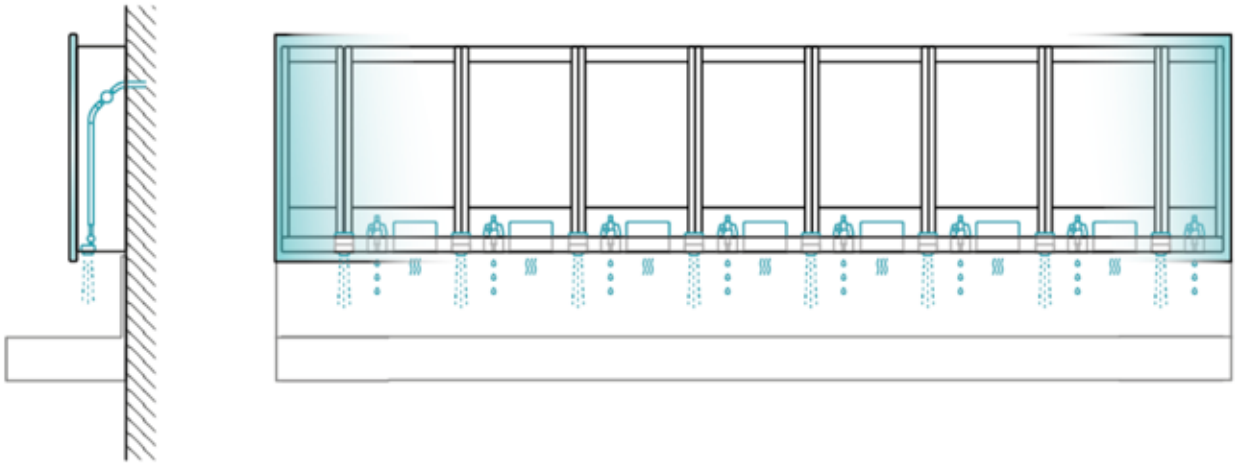

Designed to reduce clutter and maximise space, the Dolphin WashWall System enhances hygiene, efficiency, and aesthetic appeal in all commercial washrooms and public washroom facilities.

What is a Dolphin Washwall System?

A customisable, controllable, touch-free, modular behind-mirror handwash system that is quick to install, easy to maintain, secure, stylish and can be complemented with a variety of lighting systems.

Customised | Wireless Control | Touch Free Operation | Modular | Concealed | Rapid Install | Ease of Access | Secure & Lockable | Modern & Premium | Integrated Lighting

Customised to your washroom needs

Special finishes are available on request. Please speak to your sales representative for further assistance.

SMART SYSTEM

Self monitoring analysis & recording technology

Presenting the latest in infrared technology, the Dolphin touch-free taps eliminate the need for manual operation. Hands-free functioning not only ensures less wear and tear but also improves hygiene. The unique Self-Monitoring Analysis and Recording Technology (SMART) allows facilities managers to connect via the Dolphin InForm App when used with the (optional) Bluetooth Adaptor and easily keep track of and analyse water usage. The data can be used to modify settings such as flow rates, water run time, etc. and save water.

HEWI

The legacy of Modernism lives on in German-founded HEWI, shaped by Bauhaus principles that reduce products to their essentials, with colour used consciously and boldly. This approach ensures HEWI's high-quality solutions perform in both residential and contract projects, meeting the needs of society as well as the demands of architecture and product design.

Founded in 1929, HEWI is a market leader in accessibility and a renowned expert in system design, offering solutions across building hardware, sanitary accessories, and accessible products. Launched in 2025, the new Barbie™ x HEWI sanitary collection combines timeless Bauhaus design principles with the iconic colour palette of Barbie™ to create a series that celebrates individuality and inclusivity.

dyson

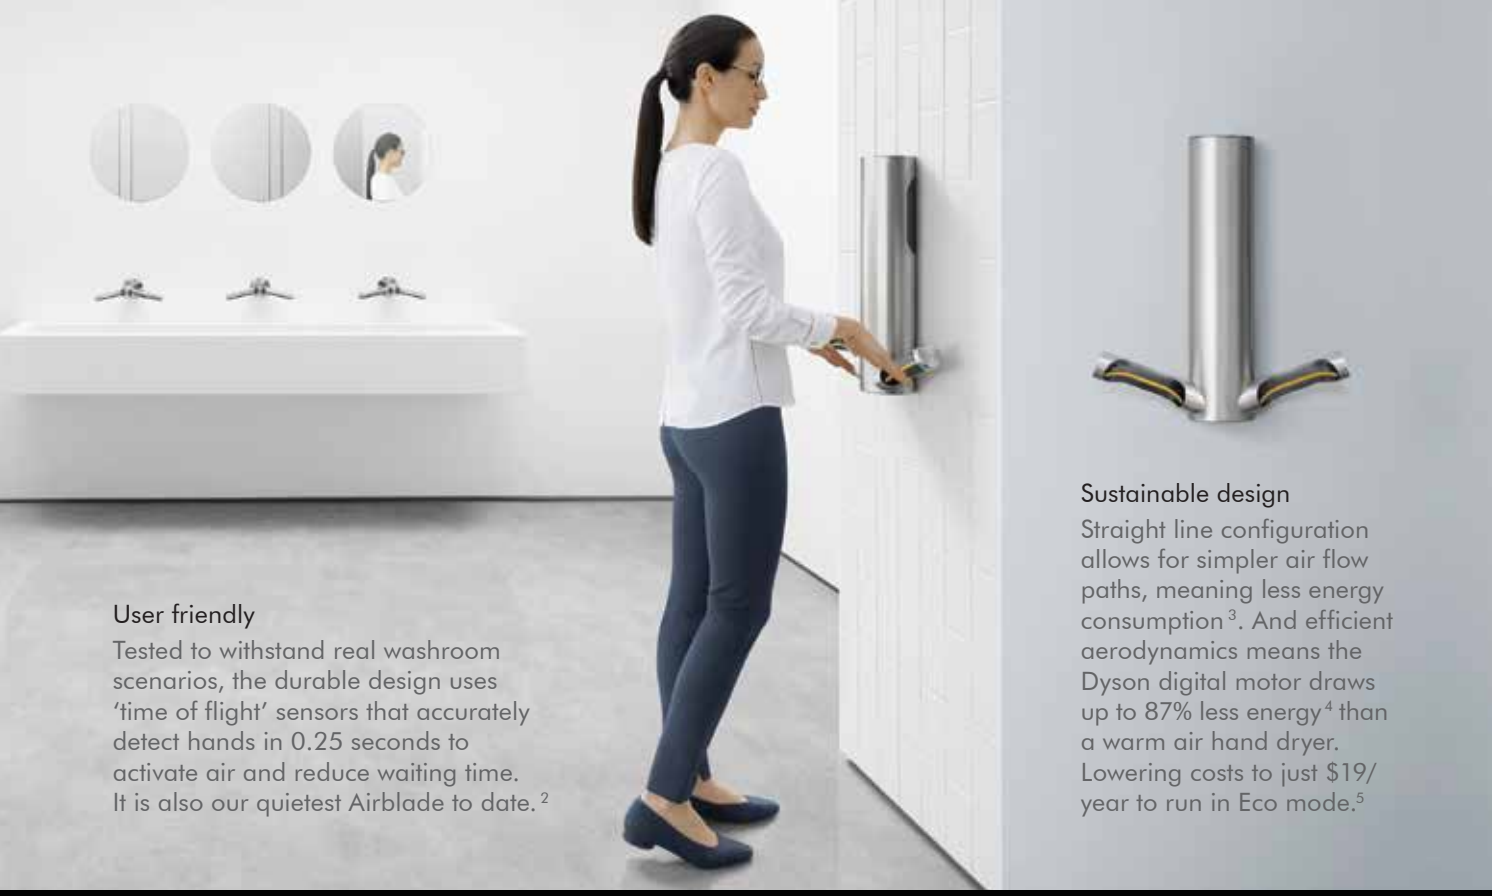

Fast, hygienic and energy efficient, Airblade™ technology is found in many of the world's leading airports and hospitality environments. From compact to quiet, and one that washes and dries hands at the sink, there's a Dyson Airblade™ hand dryer to suit your washroom.

Dyson Professional aims to bring Dyson technology to every building in the world. We provide our business owners with machines that solve problems others ignore in environments such as offices, airports and hotels. Dyson Airblade can be found in some of the world's most iconic commercial properties, including the Shard in London, Wellington Airport, Mall of the Emirates and Etihad Museum.

Give good hygiene a hand

The fastest most energy efficient HEPA-filtered hand dryer[1]

Sustainable design

Straight line configuration allows for simpler air flow paths, meaning less energy consumption[3]. And efficient aerodynamics means the Dyson digital motor draws up to 87% less energy[4] than a warm air hand dryer. Lowering costs to just $19/year to run in Eco mode.[5]

User friendly

Tested to withstand real washroom scenarios, the durable design uses 'time of flight' sensors that accurately detect hands in 0.25 seconds to activate air and reduce waiting time. It is also our quietest Airblade to date.[2]

HEPA filter

Fleece-lined glass fiber HEPA filter captures %99.95 of particles,[6] including bacteria and viruses, from the washroom air.

Dyson digital motor V4

Using digital pulse technology, the Dyson digital motor V4 spins up to 75,000 times a minute in Max mode.

10 second dry time[7]

Ergonomic drying angle and Curved Blade™ design follow the curves of your hands to remove water quickly, for fast, comfortable hand drying.

[1]Dry time and energy consumption calculated for Max mode. Dry time was determined using Dyson test method 769 based on NSF P335 to a measurement of 0.1g residual moisture.

[2]Average loudness (measured in sones) compared to Dyson Airblade™ hand dryers.

[3]Compared with other Dyson airblade models.

[4]Measured in Eco mode.

[5]Average electricity price US$ 0.1/kWh for the US market, as of May 2019. For calculations visit www.dyson.ae/calcs.

[6]HEPA filter tested to EN5-1822, by an independent testing laboratory, under prescribed test conditions.

[7]Dry time determined for Max mode using Dyson test method 769 based on NSF P335 to a measurement of 0.1g residual moisture.

Unidrain was founded in Denmark in 2003, when architect Claus Dyre developed the world's first linear floor drain designed to be placed against the wall. This innovative approach to drainage became the foundation of Unidrain and has since helped establish the brand as a leading name in bathroom drainage and design.

Unidrain solutions are used in projects around the world, from private residences and sustainable cabins to luxury hotels. With its Danish roots and a strong focus on continuous development, Unidrain works at the intersection of construction and design, creating solutions that combine technical performance with considered aesthetics.

At the heart of Unidrain is the ambition to rethink established bathroom solutions. Innovation, functionality, quality and Scandinavian design have shaped the brand since its beginning and continue to guide the development of products for the modern bathroom.

TUBES

THE WARM SIDE OF DESIGN

Tubes is famous at international level for its cutting edge designer radiators and heated towel rails, which place the Italian brand at the forefront in the industry. The family-run brand has stood out from the rest from the very onset thirty years ago, having revolutionised the appearance of traditional radiators, turning them into genuine iconic pieces.

Tubes' company headquarters are situated near Venice, and all production takes place in-house. 'Made in Italy' is one of the key values of the corporate philosophy, along with innovation, experimenting in shapes and technology, fine craftsmanship and superior quality.

DECOR WALTHER®

Since 1973

Do we find beauty only in special places and exclusive settings? Or can beauty simply be a part of life and turn our living spaces into special places? For over 50 years, we've been providing an answer to this question. By not only designing everyday objects, but perfecting them. We are guided by style, functionality, and high-quality materials and craftsmanship.

Harald Walther loved the idea that everything could be more beautiful and better. That's how Decor Walther began in 1973 as a small specialty shop for brass, door, and furniture hardware—featuring a lion's head as a door handle. The idea grew and became a success story when we discovered the world of bathrooms. A whole universe. Today, the small shop has become an international brand bearing the lion in its logo. What began in Frankfurt is now at home around the world.

RICHMOND

Richmond offers complete solutions across architectural door hardware, furniture handles and hotel amenities, combining quality, functionality, and contemporary design across every category.

Architectural Door Hardware

Richmond's architectural door hardware solutions are designed for residential, commercial, hospitality and industrial applications. The range includes high-quality commercial and fire-rated door hardware, with products engineered to deliver durability, reliable performance, and contemporary design across a wide variety of project requirements.

Furniture Handles

Complementing its architectural door hardware, Richmond offers a comprehensive collection of cabinet and furniture handles, balancing aspirational design with accessible price points. With a broad choice of styles, finishes and profiles, the range provides versatile solutions for both residential and commercial interiors.

Hotel Amenities

Curated by SANIPEX GROUP, Richmond's hand-selected hotel amenities collection combines refined design with the latest technology to enhance the guest experience. The growing range includes minibars, safes, and high-performance hair dryers, alongside other essential hotel requirements. Designed with both guests and hoteliers in mind, Richmond hotel amenities combine intuitive functionality, dependable performance, and elegant design, providing practical solutions for modern hospitality environments.

RICHMOND
LEVER HANDLES

Architectural door hardware.

Richmond brings a new dimension to SANIPEX's hardware offering through Architectural Hardware, with certified, performance-oriented door handles and architectural hardware. With a comprehensive range designed for education, healthcare, hospitality, commercial and residential projects, the collection merges rigorous specification standards with refined design options.

Certified performance meets refined detail in architectural hardware.

The collections spans door handles, pull handles, and complementary architectural hardware, offering consistent proportions, durable materials, and finishes suited to high-use environments. Designed to integrate seamlessly across projects, Richmond provides a reliable, cohesive hardware language that supports both design intent and everyday functionality.

Sanaura

Lighting for every space. Our lighting has the power to inspire; to shed light on the possible; and to illuminate the path towards innovation, creating beautiful spaces that connect everyone with their environment.

Established in Dubai, UAE, SANAURA, the premium lighting brand by the renowned SANIPEX GROUP, blends form and function into every design. Derived from the name 'SANIPEX' and 'aura'—meaning light and atmosphere—SANAURA offers luminaires for a range of needs and for every space, indoors and out. Its three avenues include Luxury decorative objects, functional Essentials for all spaces, and quality bathroom lighting to complement BAGNODESIGN collections, with consistent quality across all offerings.

For homeowners seeking something high-end and luxurious, to architects and designers specifying with ambition, our pieces are perfectly suited for every space: within single homes, as well as contract hospitality, commercial, institutional spaces and beyond. Shape your own story with desirable lighting that creates an impact and leaves a lasting impression.

astro

Since 1997, Astro has been shaped by a shared passion for British lighting design with a distinctive quality. Founded by John Fearon and James Bassant, the brand is driven by a quiet obsession with getting things right, refining what others might overlook.

Astro believes every product should be made to last, choosing the best materials and processes without compromise. The pursuit of excellence, a respect for good design, the drive to go further, and a belief in fairness and decency are the core values that form the backbone of the brand. Engineered to last and considered for the future, Astro's contemporary lighting is made to perform beautifully in real spaces worldwide.

Heathfield&Co

Heathfield & Co has been a trusted supplier to renowned interior designers for over 40 years. It began when founder Andrew Watson was searching for property development opportunities, and came across a lampshade maker's workshop in Bromley, London. Charmed and inspired by the craftsmanship, he scrapped his plans to renovate the building and instead chose to save the business and preserve the heritage of the craft.

Andrew is joined by a close-knit team of family members and long-standing colleagues in their bustling Kent workshop. As well as continuing to work closely with interior designers and tastemakers on custom projects, the team have also translated their trade offering into carefully curated collections that are ready to shop.

These pieces are a culmination of decades worth of lighting knowledge and unabating design development, retaining the same expert quality, craftsmanship and attention to detail that Heathfield & Co is known for.

J.ADAMS&Co

Born of considered values and handmade in England, J.Adams & Co. crafts unique, luxurious lighting from the finest materials and innovative engineering. Founded in 2016, the company's aesthetic derives from the industrial heritage and traditional skills of its Birmingham metalwork factory, redesigning classic styles into contemporary forms for a timeless appeal.

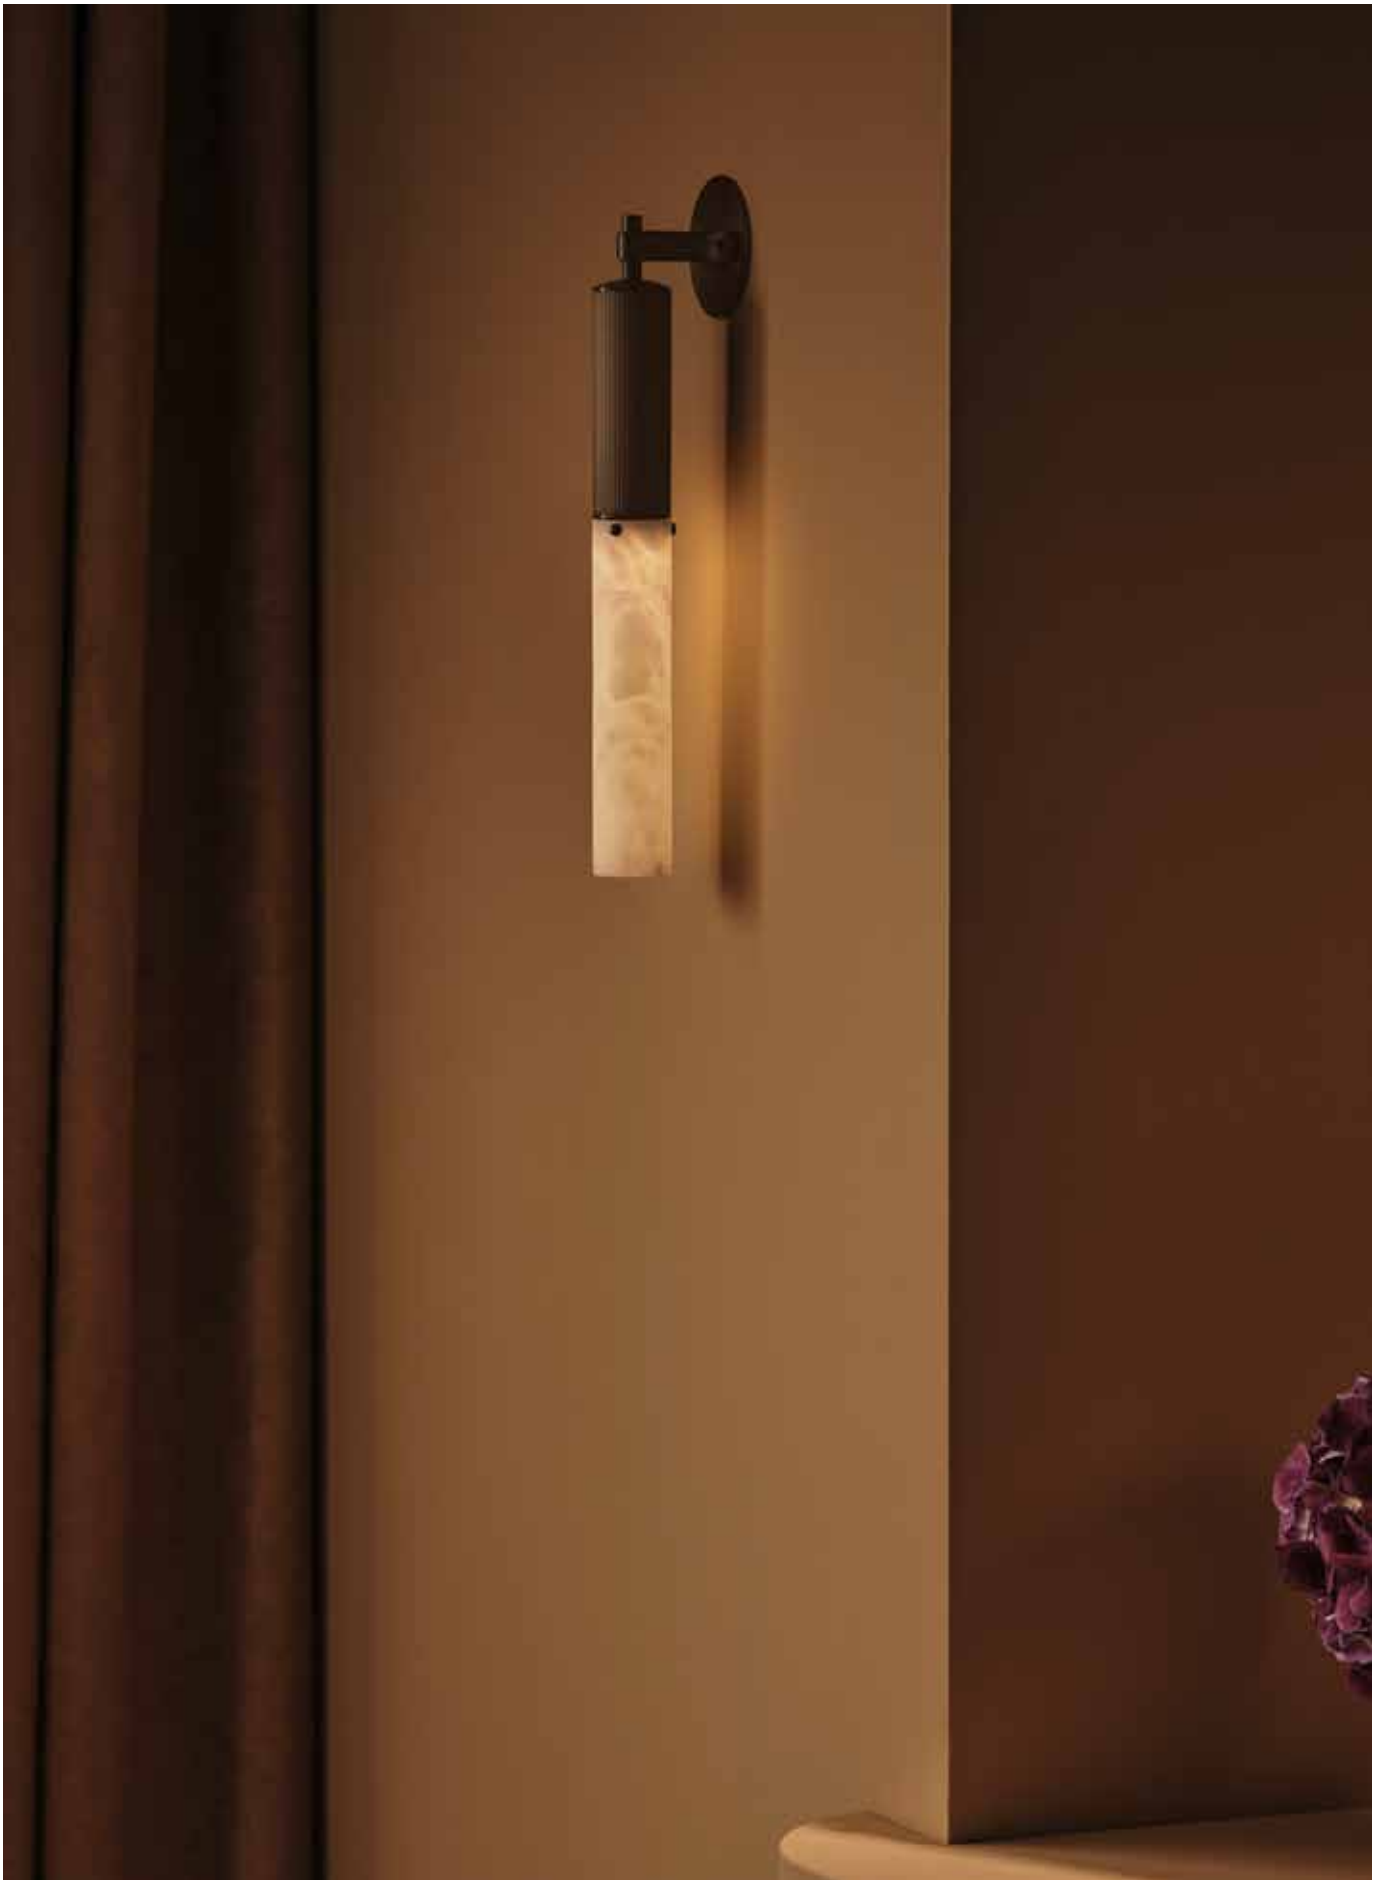

Manufactured to exacting standards, the company uses traditional techniques as well as modern technology to sculpt the best quality materials into lights that are built to last for generations.

BATHROOM & PLUMBING ESSENTIALS

by BAGNODESIGN & AQUAECO

Find the inspiration you need to create luxurious, design-led bathrooms with BAGNODESIGN. The brand offers a comprehensive collection of shower heads and shower kits in an unrivalled range of finishes and styles, along with an expansive range of bathroom accessories and matching plumbing solutions in the same finishes for a coordinating design.

BAGNODESIGN is where comfort meets quality and where function meets the very latest in artisanal thinking, turning this most personal spaces into a spa-like sanctuary at the heart of the home.

AQUAECO offers a compelling combination of quality, reliability and outstanding value for the commercial and residential sectors. Ideal for installers, maintenance, facility management professionals and private clients, AQUAECO features a comprehensive range of high quality and durable washroom solutions. Its plumbing portfolio includes touchless taps and dispensers, bidet sprays, valves, flush plates, shower channels, tile and floor drains in on-trend finishes.

For the full BAGNODESIGN and AQUAECO product portfolios see our MEA 2026 price guide.

FAP CERAMICHE

FAP Ceramiche offers a catalogue of over 30 collections: decorated, coloured, polished or satin-finish tiles; lines that take their inspiration from marble, stone or wood; mosaics and special trims for a perfect finish.

A range of white-body covering products that include both traditional, non-rectified sizes and larger surfaces with squared edges, suitable for a continuous, jointless wall. The offer includes collections in porcelain stoneware, in which the power of cutting-edge technology teams with the design expertise the company is famous for: the enormous variety of sizes includes MAXXI sizes of up to 120x278. This is a catalogue able to give shape to the needs of those seeking inspiration for furnishing their home, featuring options in rich colours or delicate nuances, representing the perfect blend of ceramic tradition and contemporary design.

DEL CONCA - We give shape to beauty

Del Conca designs surfaces to bring your dreams to life, tailored to emotional mode of living, where quality, experience and technology come together to create new forms of shared beauty.

With its ever-present product lines, Del Conca satisfies all the design requirements of design, architecture and ways of living. Sophisticated woods, marble, stones, concrete, cotto or metal surfaces in variety of sizes and thicknesses reveal a dynamic and always innovative design vision.

Always ahead in innovation and technology, its porcelain stoneware is printed with very high-definition graphics. Its products are resistant to wear and chemical agents, easy to clean and therefore suitable for environments exposed to extreme external stresses—an authoritative testimony of a Made in Italy culture. One of the largest producers of porcelain stoneware created to live outdoors, thereby making Del Conca the leader for outdoor tiles in 1, 2 and 3 cm thicknesses.

CERAMICHE coem

We design with nature.

Art and the hand of Man move the stone to reveal its structures and volumes. Coem uses technology to interpret these movements, applying them to an industrial item that becomes a design product that everyone can enjoy.

Coem research carries forward project ideas that emerge in the present and inspires us to imagine the future through intuitions and processes that follow a set of rules. Design works differently from art, requiring a careful eye on the world that revolves around new ideas, evolves through theory and technique and forms a close, intricate relationship with production systems and the beauty of living.

Just like nature, design cannot exist without a plan, and it is this awareness that brings us collections in porcelain stoneware that are increasingly durable, beautiful, functional and accessible. Because Coem designs ceramics to engage with the world.

CERDOMUS

In-style tiles since 1969. Proudly made in Italy, Cerdomus' quality tiles and slabs are created with innovation and functionality.

Fine Italian craftsmanship combined with world-inspired designs gives rise to the conceptual brilliance that is Cerdomus. The brand produces materials with superior aesthetic and technical characteristics. Each collection is carefully manufactured with ultra-modern production tools to create concepts inspired by nature.

Discover everything between on-trend marbles and traditional outdoor tiles through signature ranges including Omnia, Sybil and Valdorcia, featuring numerous sizes and striking finish options. Whether it is your poolside patio, personalised bathroom, or a commercial space, here is where you can find minimalist and maximalist designs that create unique, inviting environments and let your walls speak for themselves.

GARDENIA &ARIANA

Italian style, excellence and quality.

Representing the ultimate in Italian style, the Ceramiche Gardenia Orchidea Group has been in operation since 1961. Today, the company has a presence in over 100 countries worldwide and is renowned for the exquisite craftsmanship of its exclusive collections designed to transform a wide range of living and retail spaces, from work, kitchen, bathroom, indoor and public areas.

Handling the entire manufacturing cycle of its high-quality ceramics, all of which are designed and created in Italy, from glazes and special trims through to hand decoration techniques, Ceramiche Gardenia Orchidea's stunning Gardenia and Versace collections incorporate a wide choice of finishes and formats, including stone, concrete, wood, and slabs. The company also offers a bespoke service where logos can be engraved on surfaces in fine detail using hydro-jet or sandblasting techniques.

TERRATINTA group

Certified B Corporation

Terratinta Group creates porcelain tiles for indoor and outdoor spaces, for architectural and domestic projects providing a wide range of products, in different designs, styles and colours

Established in 2017, Terratinta Group merges two ceramic companies and their brands: Terratinta Ceramiche and Ceramica Magica.

Both brands span over 50 countries around the world with their identities harmonised, providing a high-end product made from Italian porcelain stoneware. Starting from 2018, a third, new brand has been launched, Sartoria. In 2019 a fourth brand has arrived to enrich Terratinta Group's proposal: Micro.

Terratinta Group's story started during the years of a global economic recession and developed over time thanks to its core values: passion, simplicity and professionalism. Its story is about a young group that continues to flourish every day, within an ultra-competitive industry. Because its story is #notaclassicstory

SPECIFICATION NOTE:

Finish names are those used by each manufacturer and may vary in material, sheen and tone.
This matrix is a guide to identify comparable colour directions across brands, not an exact finish match.
Always review physical samples together for final specification.
Some finishes may be collection-specific or subject to availability.
*Living finish: Naturally ages and develops a unique patina over time. This is an inherent characteristic, not a defect, and is not covered under the finish warranty.

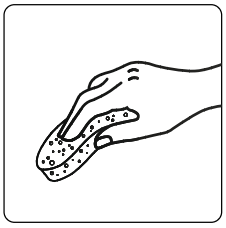

ONE DESIGN DIRECTION. DIFFERENT EXPRESSIONS ACROSS OUR BRANDS.

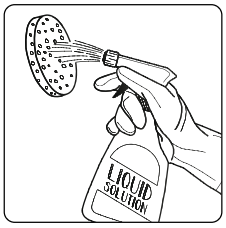

Use this matrix to explore comparable finish tones across our brand portfolio. Finish names, materials, sheen and colour vary by manufacturer, so the matrix indicates tonal coordination rather than an exact finish match. Always review physical samples together before finalising a specification.

CLEAN & CARE

BRASSWARE

Keep your brassware sparkling clean. Regularly clean with a mild soap and water solution, avoiding harsh chemicals that can damage the finish. Dry thoroughly to prevent water spots.

SANITARYWARE

Maintain your sanitaryware with gentle cleaning. Use non-abrasive cleaners and soft cloths to avoid scratches. Regular cleaning prevents the buildup of grime and keeps products looking their best.

FURNITURE

Proper care keeps your furniture looking its best. Regularly dust and wipe down your bathroom furniture to maintain its appearance and prevent moisture buildup.

WHIRLPOOLS

Keep your whirlpool clean with regular maintenance. Follow manufacturer guideline for correct water treatment and cleaning procedures to ensure optimal performance and longevity.
